

**CITY OF BEAUFORT DEMOLITION CHECKLIST
FOR COMPLETE STRUCTURE DEMOLITION PERMIT**

The following items are the contractor's responsibility as part of the demolition work:

- Contact City of Beaufort to verify the structure is not on the historic register. Email mmcteer@cityofbeaufort.org or apeifer@cityofbeaufort.org
- Verify the owner of the property according to the Beaufort County Assessor's records. If someone other than the homeowner listed is applying for the permit, the homeowner will need to submit something in writing stating that they approve the demolition.
- Contact the utility locator, Palmetto Utility Protection Service (888) 721-7877, to mark the utilities. Once marked call (843) 322-7965 or kmeola@cityofbeaufort.org for inspection prior to a permit being issued.
- Install silt fence and tree protection. Call (843) 322-7965 or email kmeola@cityofbeaufort.org when installed for inspection prior to permit being issued.
- Contact SCE&G to retire gas service. **Verifying there is no current gas service to property is not adequate.** SCE&G needs to be contacted to respond to ensure that any gas lines located on the property are inactive and/or made inactive.
- Contact SCE&G to retire electrical service.
- Contact BJWSA to sever and cap the water and sewer.
- Contact Hargray to retire any cable or telephone service.
- Contact Century Link to retire any telephone or cable service.
- Comply with all local, state, and federal requirements for disposal of debris and hazardous material.
- Contact the City Police Department (843) 322-7900 and Fire Department (843) 525-7055 for any lane closures that may occur or may be needed.
- A demolition permit will be required – Contact Building Codes (843) 525-7049 or permits@cityofbeaufort.org. You can visit our website at www.cityofbeaufort.org / Government / Community & Economic Development / Building Codes for an application. The permit fee will be \$100 for Residential and \$200 for Commercial. Please note: A complete demolition of a commercial building will require a DHEC Permit be submitted with the demo permit application to the City.
- Remove and properly dispose of all miscellaneous debris, trash, or litter on the site including construction debris, campers, trailers, white goods, etc. Nothing but vegetation is to be left on the site.
- After demolition, grade and seed the lot. Top soil is to be disturbed only to the extent necessary for grading, seeding and removal of debris. No trees are to be removed.
- The contractor will be responsible for the repair of any collateral damage as a result of listed work.

I verify that the above items have been obtained and approved:
